# Become a Student Scholarship Sponsor Today!

## What It Means to be a GBA \$2,000 Student Scholarship Sponsor

The education of today's youth is extremely vital to the continued success of green building, sustainability and economic prosperity. Many students in our region are clamoring to become part of the ever-growing sustainable movement. By becoming a Student Scholarship Sponsor, your dollars will benefit young students throughout Western Pennsylvania by financially assisting them to attend GBA-hosted education events, forums and conferences.

Not only will your support help students, but this sponsorship also supports GBA's mission to drive market demand for green buildings, provide services to local building product manufacturers, provide valuable green building education and training, and promote green jobs. Each Student Scholarship Sponsorship helps GBA further this mission and creates healthy living, working and learning environments for people across Western Pennsylvania. Through a sponsorship, you are actively assisting your community to make better environmental decisions that will benefit generations to come. Become a GBA Student Scholarship Sponsor today and watch your dollars GROW our Western Pennsylvania communities, GROW our economy and job opportunities, and GROW future generations of environmental stewards!

## Sponsorship Benefits

- ◆ Logo inclusion on GBA website and in *Shades of Green* annual directory
- ◆ Logo inclusion on all GBA email blasts (excluding Advocacy Alerts)
- ◆ One Corporate cluster membership (includes four individual memberships)
- ◆ Special page on GBA's website dedicated to your company's commitment to student involvement and descriptions of scholarship outcomes
- ◆ Special feature at GBA's year-in-review breakfast briefing

Green buildings can reduce energy usage by up to 50%, CO2 emissions by 39%, water usage by 40% and solid waste by 70%.

## Sponsoring Green Building Alliance is Sponsoring Your Community

Watch your dollars grow our communities and economy!
